WOVEN RUG IN *pure wool*

KASTHALL

A shaft-woven, rug that gives you the freedom to combine patterns, colours and accents precisely the way you want. You can choose from five different patterns and combine them in the way that appeals to you. The only pattern that cannot be combined with any other is Goose Eye. You can choose between mixed and single-colour yarns. You can also add accent colours in stripes, or divide the rug into several colour fields – the possibilities are endless. Our web-based Rug Designer program at [www.kasthall.com](http://www.kasthall.com) lets you design your own rug easily.

**Product type:** Woven rug in pure wool

**Weft material:** 100% wool

**Warp material:** 100% linen

**Total height:** approx. 5 mm

**Total weight:** approx. 2200 g/m<sup>2</sup>

**Size:** Custom made sizes, width 70-600 cm. Or choose amongst our suggested sizes:

Uni 988:	Post 911, Stripe 981, Dot 982	Goose Eye 909:
90x240 cm	90x240 cm	85x240 cm
140x200 cm	140x200 cm	130x200 cm
170x240 cm	170x240 cm	160x240 cm
200x300 cm	200x300 cm	195x300 cm
250x350 cm	250x350 cm	240x350 cm

Häggå is also suitable as an exclusive wall-to-wall carpet.

Burning classification: (EN13501-1) Cfl s1

Wear classification: (EN 1307)  
Class 33 Commercial Heavy

**LEED:** Häggå has LEED certification – CRI Green label Plus

## ENVIRONMENTAL POLICY:

Kasthall is ISO 14001 certified.

## CARE ADVICE:

Wash flat with water. We recommend professional cleaning only.

For more information, see care instructions at: [www.kasthall.com](http://www.kasthall.com).

## OTHER INFORMATION:

- Depending on the materials used and the rug-making process, dimensions may vary by up to ±5% so please state maximum or minimum dimensions when placing your order.
- Note that all rugs from Kasthall are made from natural materials. Variations in colour and texture can therefore arise between batches of yarn and dye baths.
- Rugs should be laid on an underlay that prevents them from moving on all types of flooring. This extends the life of the rug and reduces the risk of slipping.
- The use of backing fixes the dimensions of a rug and extends its life. This is recommended for rugs that are wider than 200 cm and/or those larger than six sqm.
