Design GUNILLA LAGERHEM ULLBERG
WOVEN RUG IN *pure wool*

A shaft woven rug in 100% wool with folkloristic expression. This rug is available in ten natural shades, which means that it fits in well in many different settings. The pattern calls up images of knitted pullovers from northern Scandinavia, yet despite its traditional connotations, Ingrid feels equally at home in a contemporary metropolitan environment. A versatile rug with a fresh yet classic expression.

CARE ADVICE:

Wash flat with water. We recommend professional cleaning only.
For more information, see care instructions at: www.kasthall.com.

OTHER INFORMATION:

- Depending on the materials used and the rug-making process, dimensions may vary by up to ±5% so please state maximum or minimum dimensions when placing your order.
- Note that all rugs from Kasthall are made from natural materials. Variations in colour and texture can therefore arise between batches of yarn and dye baths.
- Rugs should be laid on an underlay that prevents them from moving on all types of flooring. This extends the life of the rug and reduces the risk of slipping.
- The use of backing fixes the dimensions of a rug and extends its life. This is recommended for rugs that are wider than 200 cm and/or those larger than six sqm.
