The Art of Perfect Rug Placement

Rugs are very often the visual anchor of a space, serving the purpose of bonding together other design cues and furnishings as well as complementing paintwork or wallpaper choices. They also help define the floor plan and guide the placement of furniture.

BEFORE PLACING, HERE ARE SOME QUESTIONS YOU SHOULD CONSIDER.

- How do people move around in the room?
- How many items of furniture are in the room and where will they be placed in relation to the rug?
- How are the room's acoustics and how will the rug affect noise insulation?
- How will light, both natural and artificial, affect perception of the rug's color and structure?

WITH TABLE AND CHAIRS

- Make sure the rug is of a scale that ensures all the chairs are still on the rug even when they are fully pulled out.
- To ensure this, we recommend a rug that is 50–60cm larger than the table in both length and width.

IN A BEDROOM

- When placing, focus on creating a unified look between bed and rug.
- Most of the rug should be under the bed, so we recommend choosing a rug that is at least 60cm larger than the bed in both length and width.

AS PART OF A SOFAGROUP

- Ensure your rug is at least as wide as the sofa.
- Create a unified aesthetic by ensuring part of the rug is under the sofa.
- If the group includes armchairs, choose a rug that is large enough to ensure all four legs of each armchair stay on the rug.

CARE FOR WHAT YOU ADORE

A well-cared-for rug lasts for generations. With simple routines and the right approach, its beauty and quality endure, aging gracefully over time and remaining a lasting part of your space.

The secret to a long-lasting rug – Care tips that work

REGULAR CARE ADVICE

To extend the lifetime of your rug, follow these care recommendations:

- **REGULAR MAINTENANCE** – Helps retain shape and appearance.
- **LIGHT VS. DARK RUGS** – Light, single-color rugs require more frequent care than darker, patterned ones.
- **VACUUMING** – The best, most economical, and eco-friendly cleaning method. For best results, vacuum in one direction at a time.
- **AVOID BEATING OR SHAKING** – This can damage the fibers.
- **SHEDDING IS NORMAL** – Excess fibers will naturally shed over time and do not affect quality.
- **SPEED UP SHEDDING REDUCTION** – Vacuum daily for a short period.
- **LINEN HAND-TUFTED RUGS** – Sensitive to water – use minimal water when removing stains.

DEEP CLEANING ADVICE

For the best care, we recommend professional cleaning using the extraction method on a flat surface. Keep these key points in mind:

- **WATER USAGE** – The amount and temperature depend on the rug's material and pile length.
- **PROPER DRYING** – Ensure good ventilation to prevent moisture buildup.
- **SHRINKAGE** – Expect 3–5% shrinkage after cleaning.
- **DO NOT MACHINE WASH OR DRY CLEAN** – These methods are not suitable for Kasthall rugs.

SUSTAINABILITY IN OUR HEART SINCE 1889

Sustainability and social responsibility have been woven into Kasthall's identity from the beginning.

SUSTAINABILITY

MAKING SUSTAINABLE CHOICES

Sustainability runs deep in the history of Kasthall. More than 130 years ago, our dependence on the nature around us and the support of the local community in the small village of Kinna, Sweden, established a foundation of responsibility that continues to guide us today. From the careful selection of certified raw materials to the precision of our manufacturing process and the well-being of the workers in our supply chain, we strive to minimize our impact at every stage.

We use only the finest linen and wool and our local, made-to-order production ensures every piece is made with care, avoiding excess and minimizing waste. By making rugs that last for generations, we reduce the need for replacements and preserve natural resources.

We create luxury rugs that are not only beautiful and durable but also responsibly made. For us, sustainability is never a finished task, and we are always looking for ways to further reduce our impact and better serve our planet, our community, and our customers.
